

Grant and Loan Programs within the Natural Resources Agency (as of January 2013)

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Natural Resources Agency									
Urban Greening Program for Sustainable Communities	On behalf of the Strategic Growth Council, the Program grants funds for urban greening plans and projects in urban areas that provide multiple benefits, including but not limited to, a decrease in air and water pollution, a reduction in the consumption of natural resources and energy, an increase in the reliability of local water supplies, or an increased adaptability to climate change.	Grant	<u>Projects:</u> cities, counties, nonprofits, JPAs, special districts <u>Plans:</u> cities, counties, nonprofits, council of governments, countywide authority, MPOs, JPAs, special districts	Round 3 solicitation scheduled to begin in Fall 2012	None	Proposition 84	\$20 M to be available in Round 3.	\$0	www.resources.ca.gov Email: urbangreening@resources.ca.gov Phone: 916-653-2812
Department of Conservation									
California Farmland Conservancy Program (CFCP)	The CFCP provides grant funding that supports the long-term, private stewardship of agricultural lands through the use of agricultural conservation easements. Grants fund both agricultural conservation easement purchases and planning projects which increase the capacity of local land trusts which hold easements.	Grant	Local governments and private nonprofit (501(c)3) organizations which have among their defined purposes the conservation of agricultural lands.	Continuous	Planning grants have a maximum of \$100,000.	Propositions 40	Less than \$5 M of current appropriations remain unallocated; new projects are being considered for future appropriations.	\$0	http://www.conservation.ca.gov/dlrp/cfcp/Pages/index.aspx Email: cfcp@consrv.ca.gov Phone: 916-324-0850
Strategic Growth Council - Sustainable Communities Planning Grants and Incentives	On behalf of the Strategic Growth Council, the Department of Conservation provides planning grants and planning incentives to encourage the development of regional and local land use plans to promote water conservation, reduce automobile use and fuel consumption, encourage greater infill and compact development, protect natural resources and agricultural lands, and revitalize urban and community centers.	Grant	Cities, counties, JPAs, Councils of Governments, MPOs, Transportation Planning Authorities	Round 2 of 3 has been awarded. Solicitation for Round 3 is expected to be released sometime in fiscal year 13/14.	Guidelines under revision.	Proposition 84	Approx \$13M	\$0	http://sgc.ca.gov/planning_grants.html Email: SGCSustainablecommunities@conservation.ca.gov Phone: 916-322-3439
Energy Commission									
Geothermal Resources Development Account (GRDA)	The funds from this account come from revenues paid by geothermal developers for leases on federal land in California. Practically all aspects of geothermal research, resource development, demonstration, commercialization, planning, environmental enhancement and impact mitigation are eligible for funding. However, in order to assure that geothermal energy adequately contributes to meeting California's ambitious Renewable Portfolio Standard (RPS) goals, certain research and technology challenges must be addressed quickly. For that reason, focus areas have been identified to encourage research proposals within those areas.	Grant	Private entities, including individuals and private for-profit organizations; local jurisdictions including cities, counties, school districts and special districts, regional planning agencies, and public utility districts; EXCEPTION: any public utility that generates more than 50MW of electricity for sale is not eligible to apply	Solicitations are generally offered every other year. Last solicitation was 1/5/11.	Up to \$3 million available; GRDA funding will be divided into three Project Categories: 1) Resource Development, 2) Planning, and 3) Mitigation.	Public Resources Code section 3800 et seq. created the Geothermal Resources Development Account (GRDA) .	\$3 million per year	\$0	www.energy.ca.gov/contracts/geothermal.html Staff contact: Rizaldo Aidas Rizaldo.Aidas@energy.state.ca.us Phone: 916-327-1417

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Public Interest Energy Research (PIER) - Natural Gas Funding	The funds are collected from natural gas ratepayers of California Investor Owned Utilities. These funds are administered by the California Energy Commission to provide public interest natural gas research programs. The Energy Commission's PIER program supports energy related research, development and demonstration for research not adequately provided by competitive and regulated markets and that will advance science and technology and will help meet California's energy policy goals.	Grant	Public entities, educational facilities, private entities, research organizations, national laboratories.	Periodic solicitations	Varies depending on solicitation. Recent solicitations have accepted awards up to \$2 million.	SB 1250 (Perata) Chapter 512, Statutes of 2006. Annual funding approved by CPUC, and funds are transferred from CPUC Gas Consumption Surcharge Fund	\$24 million per year	\$10 million	http://www.energy.ca.gov/contracts/pier.html Fernando Pina fernando.pina@energy.state.ca.us (916) 327-2388
Energy Innovations Small Grant Program (EISG)	The Energy Innovations Small Grants Program awards grants to target one or more of the R&D energy research areas. Additionally, the awards must establish the feasibility of new, innovative energy concepts and provide a potential benefit to California electric and natural gas ratepayers.	Grant	Individuals, small business, non profit organizations, and academic institutions	Periodic solicitations, typically three times a year	\$95,000 for hardware projects and \$50,000 for modeling projects	Public Goods Charge Account	\$1.5 million per year	\$700,000	http://www.energy.ca.gov/research/innovations Staff Contact: Raquel Kravitz Raquel.Kravitz@energy.ca.gov (916) 327-1450
Alternative and Renewable Fuel and Vehicle Technology Program (ARFVTP)	Assembly Bill 118, (Nunez, Chapter 750, Statutes of 2007), amended by Assembly Bill 109 (Nunez, Chapter 313, Statutes of 2008) created the ARFVT Program which provides approximately \$100 million annually to promote innovative transportation technologies that increase the use of alternative and renewable fuels, advancing California's efforts to curb greenhouse gas emissions, reduce petroleum use, improve air quality, and stimulate sustainable production and use of biofuels in California.	Grant	Vehicle and technology entities, businesses, public-private partnerships, fleet owners, consumers, academic institutions, and public agencies	Various times through each fiscal year	Varies by individual solicitation	Alternative and Renewable Fuel and Vehicle Technology Fund	\$22 million balance for FY 10/11 and \$81 million balance for FY 11/12	TBD	http://www.energy.ca.gov/contracts/transportation/html Email: jmckinne@energy.state.ca.us Phone: 916-654-3999
Energy Conservation Assistance Act (ECAA) Low Interest Loans (3%)	Funds are available for low-interest loans for energy efficiency and renewable energy generation projects. This is a continuously appropriated, revolving loan program. Funds are made readily available under the solicitation as they become available through loan repayments and interest earnings.	Loan	The Energy Commission accepts loan applications on a first-come, first-served basis. Local jurisdictions, public schools, and public hospitals are all eligible to apply.	Ongoing	The maximum loan amount is \$3 million per application. There is no minimum loan amount.	Energy Conservation Assistance Act (ECAA) funds, Renewable Resources Trust Funds, American Recovery and Reinvestment Act (ARRA) funds, and bond proceeds from ECAA Tax-exempt Revenue Bonds.	\$33.8 million. Of this amount, over \$13.3 million in loan requests are under technical review and expected to be approved for funding within the next few months.	Expect to award approximately \$20 million.	http://www.energy.ca.gov/efficiency/financing/index.html Email: jbutler@energy.state.ca.us Phone: 916-654-4424

Department of Fish and Game									
Fisheries Restoration Grants Program	The Program supports grants restoring anadromous salmon and steelhead habitat in coastal streams and watersheds from San Diego to Del Norte counties. Grants target projects that will directly contribute to the restoration and recovery of salmon and steelhead trout. The program supports a wide array of project types including riparian and stream restoration, sediment reduction, fish passage improvement, technical and public education, water conservation, and organizational support.	Grant	public agencies, Native American Indian Tribes, and nonprofit organizations.	Applications accepted in February of each year.	None	Federal grant funds (Pacific Coast Salmon Recovery Fund) and State funds (Proposition 84, Steelhead Report Card Program, Salmon Stamp Program)	Amount of funds available each year depends on Federal grant funds received and State funds available. Funds are awarded in a competitive proposal process.	Funds are awarded approximately 12 months after proposals are received, following review, ranking, and Director approval.	http://www.dfg.ca.gov/fish/Administration/Grants/FRGP/index.asp Phone: 916-327-8842
CAL FIRE									
Prop 40 Sierra Nevada Fuels Reduction Program	This program provides grants to applicants to reduce hazardous fuels for the protection of watersheds and water quality.	Grant	Non-federal public agencies and 501(c)(3) non-profit organizations in 15 Sierra Nevada Counties: Plumas, Butte, Sierra, Yuba, Nevada, Placer, El Dorado, Alpine, Amador, Calaveras, Tuolumne, Mariposa, Madera, Fresno, and Tulare.	Fall 2011 through December 2013	None	Proposition 40	Most funding for 2011 and 2013 cycle has been assigned and is in process of being awarded. Approximately \$300,000 available for Management Plans.	\$300,000	http://www.fire.ca.gov/resource_mgt/resource_mgt_forestryassistance_prop40.php Email: jeff.calvert@ fire.ga.gov Phone: 916-653-8286 or Katie Maloney Placer County RCD (530) 885-3046 x119 niknnora@sbcglobal.net
California Forest Improvement Program (CFIP)	A cost-share program developed to ensure adequate high quality timber supplies, related employment and other economic benefits, and the protection, maintenance, and enhancement of a productive and stable forest resource system for the benefit of present and future generations. The program scope includes the improvement of all forest resources, including fish and wildlife habitat, soil, and water quality. The program provides technical assistance to private forest landowners, forest operators, wood processors, and public agencies. Cost share assistance is provided for management planning, site preparation, tree purchase and planting, timber stand improvement, fish and wildlife habitat improvement, and land conservation practices (including fuels reduction).	Grant	private forest landowners, Resource Conservation Districts, and non-profit watershed groups or ownerships containing up to 5,000 acres of forest land	August 2013	maximum is \$49,999	various (may include both federal and state funding when available)	Funding for 2012 cycle has been assigned and is in process of being awarded	\$0	http://www.fire.ca.gov/resource_mgt/resource_mgt_forestryassistancelegacy.php Email: jeff.calvert@fire.ca.gov Phone: 916-653-8286

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Community Forest and Open Space Conservation Program	Community Forest Program (CFP) is a competitive grant program whereby local governments, qualified nonprofit organizations, and Indian tribes are eligible to apply for grants to establish community forests through fee simple acquisition of private forest land. The purpose of the program is to establish community forests by protecting forest land from conversion to non-forest uses and provide community benefits such as sustainable forest management, environmental benefits including clean air, water, and wildlife habitat; benefits from forest-based educational programs; benefits from serving as models of effective forest stewardship; and recreational benefits secured with public access.	Grant	Local governments, qualified nonprofit organizations, and Indian tribes	Uncertain--pending final Federal budget action.	Individual grant applications may not exceed \$400,000	Federal/USFS	\$3.15 million (nationally) Applications closed for 2012.	\$3.15 million (nationally)	http://www.fire.ca.gov/resource_mgt/resource_mgt_forestryassistancelegacy.php Email: jeff.calvert@fire.ca.gov Phone: 916-653-8286
Western States Competitive Grants for State and Private Forestry	Grants for up to three years for Forest Stewardship, Urban and Community Forestry, Forest Health, Forestry Education, and other private forestry management activities. All applicants must submit proposals to CAL FIRE State Forester who submits proposal on behalf of applicants	Grant	Local governments, qualified nonprofit organizations, and Indian tribes	Funding for 2014 grants begins in August 2013	Maximum is \$300,000 per project	Federal/USFS	\$300,000 of 2013 funds are in award process	\$0	http://www.wflccenter.org/spf_grants_12/ Email: jeff.calvert@fire.ca.gov Phone: 916-653-8286
Forest Legacy Program	The purpose of the Forest Legacy Program (FLP) is to protect environmentally important forestland threatened with conversion to non-forest uses, such as subdivision for residential or commercial development. To help maintain the integrity and traditional uses of private forestlands, the FLP promotes the use of permanent conservation easements. These easements provide a tool to help preserve the rich heritage of private forests. The program is entirely voluntary. Landowners who wish to participate may sell or transfer particular rights, such as the right to develop the property or to allow public access, while retaining ownership of the property and the right to use it in any way consistent with the terms of the easement. The agency or organization holding the easement is responsible for managing the rights it acquires and for monitoring compliance by the landowner. Forest management activities, including timber harvesting, hunting, fishing and hiking are encouraged provided they are consistent with the program's purpose.	Grant	All landowners of forested properties	Summer 2013	No min/max	Federal competitive grants	Over \$7 million in 2012 funds are in award process. Grants are awarded on a project by project basis by Congress. Grant funds awarded to State may only be used for acquisition of interests of a specific project.	\$0	http://www.fire.ca.gov/resource_mgt/resource_mgt_forestryassistancelegacy.php Email: jeff.calvert@fire.ca.gov Phone: 916-653-8286

California State Parks									
Habitat Conservation Fund Program	The California Wildlife Protection Act of 1990, Chapter 9, Fish and Game Code 2780-2799.6 was enacted to provide funding in the Habitat Conservation Fund. Funding categories include the following: (a) The acquisition of habitat, including native oak woodlands, necessary to protect deer and mountain lions. (b) The acquisition of habitat to protect rare, endangered, threatened, or fully protected species. (c) The acquisition of habitat to further implement the Habitat Conservation Program. (d) The acquisition, enhancement, or restoration of wetlands. (e) The acquisition, restoration, or enhancement, of aquatic habitat for spawning and rearing of anadromous salmonids and trout resources. (f) The acquisition, restoration, or enhancement of riparian habitat. (g) The acquisition or development of wildlife corridors and urban trails, which bring urban residents into park and wildlife areas. (h) Nature interpretation, educational, or other enrichment programs that bring urban residents into park and wildlife areas.	Grant	Cities, counties, districts.	On an annual basis, applications are due on the first work day in October.	No minimum or maximum amounts.	California Wildlife Protection Act of 1990, Chapter 9, Fish and Game Code 2780-2799.6	Annual Program which expires in 2020. Approximately \$2 million is available each year.	Approximately \$2 million.	http://www.parks.ca.gov/?Page_id=21361 Email: dian.chun@parks.ca.gov Phone: 916-651-8600
Land and Water Conservation Fund Program	The program, which is administered nationally by the National Park Service was established in September 1964, initially authorized for a 25-year period, and has been extended for another 25 years, to January 2015. Under the provisions of the California Outdoor Recreation Resources Plan Act of 1967, the expenditure of funds allocated to California is administered by the State Liaison Officer, who is the Director of the State Department of Parks and Recreation. Projects under this program may include: Acquisition or development of outdoor recreation areas and facilities. Priority development projects include trails, campgrounds, picnic areas, natural areas and cultural areas for recreational use. Property acquired or developed under the program must be retained in perpetuity for public outdoor recreation use.	Grant	Counties, cities, recreation and park districts, special districts with authority to acquire, develop, operate, and maintain public park and recreation areas.	On an annual basis, application are due on the first workday in November.	No minimum or maximum amounts.	National Park Service (Federal) - Federal Trust Fund	Annual Program	Approximately \$1.7 million.	http://www.parks.ca.gov/default.asp?Page_id=21360 Email: richard.rendon@parks.ca.gov Phone: 916-651-7600

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Recreational Trails Program (Non-Motorized)	Non-Motorized Recreational Trail Program (RTP) funds are provided for the acquisition of easements and fee simple title to property for Recreational Trails, development and rehabilitation of trails, trailside and trailhead facilities, or construction of new trails. The Moving Ahead for Progress in the 21st Century (MAP-21) provides the RTP funding and sunsets on September 30, 2014. Therefore, there are no additional application cycles beyond the January 9, 2013 application cycle.	Grant	Cities, counties, districts, state agencies, federal agencies, and non-profit entities.	Current cycle began January 9, 2013. Future cycles are unknown due to funding uncertainty.	No minimum or maximum amounts.	Federal Highway Funds - Recreational Trails Fund	Annual Program - Future Funding Unknown	\$5.3 million in the current cycle. Funding for future cycles uncertain.	http://www.parks.ca.gov/default.asp?Page_id=24324 Email: richard.rendon@parks.ca.gov Phone: 916-651-7600
Recreational Trails Program (Motorized)	Motorized Recreational Trails Program funds are provided for the acquisition, development, rehabilitation, construction or maintenance of motorized trails. Funds can also be used to develop or rehabilitate trailside and trailhead facilities, purchase and lease trail equipment, and develop and disseminate safety and environmental protection publications and programs. The Moving Ahead for Progress in the 21st Century (MAP-21) provides the RTP funding and sunsets on September 30, 2014. Therefore, there are no additional application cycles beyond the January 9, 2013 application cycle.	Grant	Cities, counties, districts, state agencies, federal agencies, and non-profit entities.	Current cycle began January 9, 2013. Future cycles are dependent upon Federal and State appropriations.	No minimum or maximum amounts.	Federal Highway Funds - Recreational Trails Fund	Annual Program - Future funding is dependent upon Federal and State appropriations.	\$1.6 million in the current cycle.	http://ohv.parks.ca.gov Email: noelle.nichols@parks.ca.gov Phone: 916-322-3085
OHV Grants Program	The program provides for well-managed, sustainable, off-highway vehicle recreation in California by providing financial assistance to eligible agencies and organizations. Grants are available for Operation and Maintenance, Restoration, Law Enforcement, and Education and Safety.	Grant and Cooperative Agreements	Local, state and federal agencies, educational institutions, districts, federally recognized Native American Tribes, and non-profit entities.	On an annual basis, the application period begins the second Monday of January and extends through the first Monday of March.	Maximum awards range from \$200K to \$1.5M depending on the category, with the exception of restoration grants which have no maximum. Minimum award amount is \$10K.	OHV Trust Fund	\$10 million	\$10 million	http://ohv.parks.ca.gov Email: sixto.fernandez@parks.ca.gov Phone: 916-324-1572
Certified Local Government Program (CLG)	A minimum of ten percent of California's annual allocation of federal funds received through the Historic Preservation Fund Grants Program must be sub granted to certified local governments. Funds must be used for local preservation planning.	Grant	Certified Local Governments	On an annual basis, beginning in February and extending through April.	\$2,500 Minimum \$24,900 Maximum	Historic Preservation Fund - Federal Trust Fund	Annual Program based on the federal budget.	\$170,000	http://ohp.parks.ca.gov Email: lucinda.woodward@parks.ca.gov Phone: 916-445-7028

Department of Water Resources									
Delta Levees System Integrity Program	This program works with more than 60 reclamation districts in the Delta and Suisun Marsh to maintain and improve the flood control system and provide protection to public and private investments in the Delta including water supply, habitat, and wildlife. The program, through its two major components; Delta Levee Subventions Program and Delta Levees Special Flood Control Projects, works with the local agencies to maintain, plan and complete levee rehabilitation projects. One of the requirements to qualify for available funds is the project to result in no net loss of habitat in the Delta.	Grant	Delta levee maintaining agencies, reclamation districts., eligible Suisun Marsh Districts	Delta Subventions: Summer 2013; Special Projects Spring 2013	Varies	Propositions 1E and 84	SB 885 made \$202 million available to the Program. \$130 remains to award for both program components	\$12 million for Delta Subventions	http://www.water.ca.gov/floodsafe/fessro Mike Mirmazaheri . Phone: 916-651-7016 Email: mikemi@water.ca.gov
Flood Corridor Program	<p>Flood Corridor Program includes three flood protection grant programs:</p> <ul style="list-style-type: none"> • Flood Protection Corridor Program (Propositions 13 and 84); • Floodway Corridor Program (Proposition 1E); and • Central Valley Nonstructural Grants Program (Proposition 1E). <p>The Flood Corridor Program is a unique Department of Water Resources (DWR), Division of Flood Management (DFM) local assistance program focused on flood-risk reduction using nonstructural methods integrated with environmental and agricultural resource protection. The Flood Corridor Program is a statewide grant program in which flood risk reduction is the primary goal with habitat and agricultural conservation incorporated as prominent program components to efficiently optimize the long-term beneficial values and functions of flood-risk reduction projects.</p>	Grant	<p>Local public agencies (county, city, district or joint powers authority), nonprofit organizations, California Native American Tribes registered as a nonprofit organization or partner of a nonprofit or local public agency.</p> <p>Also, direct expenditure funding to other government agencies (local, State, or federal), nonprofit organizations, or contractors for projects proposed by DWR that are in the State's interest to fulfill program goals.</p>	Most recent guidelines and solicitation cycle closed grant awards were announced May 2012. Next solicitation cycle is anticipated in Spring 2013.	Maximum - \$5 million No minimum	Propositions 13, 84, 1E	<p>Flood Protection Corridor Program - \$8.1 million from Proposition 84</p> <p>Floodway Corridor Program - \$3.8 million from Prop. 1E;</p> <p>Central Valley Non-structural Grants Program - \$17.3 million from Prop. 1E</p>	0	http://www.water.ca.gov/floodmgmt/fpo/sgb/fpcp/ Email: fcp@water.ca.gov Earl Nelson 916-574-1481 David Martasian 916-574-1442 Ron Unger 916-574-1462
Yuba Feather Flood Protection Program (YFFPP)	The Yuba Feather Flood Protection Program provides financial assistance to local flood agencies to perform feasibility studies, design and implement feasible flood protection projects within the YFFPP jurisdiction.	Grant	Local public agencies (county, city, district or joint powers authority) that have legal authority and jurisdiction to implement a flood control program along the Yuba and Feather Rivers and their tributaries or along the Colusa Basin Drain and their tributaries (per section 79068.6- Proposition 13).	Guidelines and solicitation package expected to be released in 2013	Limited to the total fund made available per Proposal Solicitation Package. No specific limitation stated per project.	Proposition 13	Approximately \$2.4 million	0	http://www.water.ca.gov/floodSAFE Email: dwright@water.ca.gov David Wright 916-574-1191

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Drainage Reuse Program	For programs to develop beneficial uses of agricultural drainage water, including desalination, removal of toxic trace elements, reuse of drainage water for the purpose of growing salt tolerant crops and recycling salts when water is to salty for irrigation.	Grant	Public agencies	Proposal Solicitation Package expected to be release in Summer/Fall 2013	\$200,000 per project	Prop 204	\$1.6 million	0	www.water.ca.gov/drainage Jose Faria 559-230-3339
Agricultural Water Conservation Program	To finance feasible, cost effective agricultural water conservation projects or agricultural programs to improve water use efficiency and to finance feasibility studies for such projects	Loan	Local public agencies or incorporated mutual water companies		\$5 million cap per eligible project	Prop 13	\$15 million	No loan applications received	www.water.ca.gov/wateruseefficiency/finance Fethi Benjemaa 916-651-7025
Water Use Efficiency Program	Projects to improve agricultural water use efficiency (WUE)	Grant	Local agencies; nonprofits; tribes; State educational institutions; cities, counties, or other political subdivisions of the State	Application deadline: November 21, 2012. Draft funding awards expected to be released in February/March 2013.	Up to \$2 million for Section A (implementation) projects and up to \$200,000 for Section B (non-implementation) projects, and up to \$50,000 for the preparation of Agricultural Water Management Plans. Section A -- non-State cost share required; disadvantaged communities may qualify for a cost share reduction or waiver Section B -- a local cost share is not required.	Proposition 50 (Chapter 7(g))	The total amount available for this funding cycle is \$15 million	\$15 million	www.owue.water.ca.gov/wateruseefficiency/finance Fethi Benjemaa 916-651-7025

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Integrated Regional Water Management (IRWM)	Grant funds for development and revisions of IRWM Plans, and implementation of projects in IRWM Plans. Goals of Projects: to assist local public agencies to meet long-term water management needs of the State, including the delivery of safe drinking water, flood risk reduction, and protection of water quality and the environment.	Grant	Applicant must be a local public agency or nonprofit representing an accepted IRWM Region. Other IRWM partners may access funds through their own agreements with the applicant/grantee.	PSP for Round 2 Planning grants were released in December 2011, and final awards were announced on November 29, 2012. GL and PSP for Round 2 Implementation grants were released in November 2012. Applications are due March 29, 2013. Round 2 Implementation final awards expected in October 2013. A third round of Implementation Grants will follow Round 2.	Bond funding allocation for entire program is \$1billion Prop 84 allots grant funding to 11 funding areas. Guidelines contain information on how potential funding of multiple IRWM efforts within a funding area will occur and maximum grant amount per funding area. Guidelines have been combined with Prop 1E SVWM funding. Each Proposal Solicitation Package will have predetermined amount of funds available.	Proposition 84 (Chapter 2, §75026)	For round 2: \$9 million available for Planning grants and \$131 million will be available for Implementation grants. For round 3: \$472.5 million will be available for Implementation grants.	\$9 million	www.water.ca.gov/irwm/grants/index.cfm Zaffar Eusuff at 916-651-9266 for Implementation Grants; Joe Yun at 916-651-9222 for Planning Grants
Delta and San Joaquin and Sacramento Rivers Water Quality Grant Program	Group II water quality improvement projects at Frank Tract and other Delta projects that reduce salinity or other pollutants at agricultural and drinking water intakes.	Grant	Local agencies: all local California governments - a county, city, whether general law or chartered, town, school district, municipal corporation, district, political subdivision, or any board, commission or agency thereof, or other local public agency. Other entitites, including universities and non-profit organizations, may collaborate with a local agency to perform work with the grant funds.	Group II solicitations scheduled for Fall/Winter 2013	\$20 million	Prop 84	\$36.6 million available for Group II projects	\$0	http://baydeltaoffice.water.ca.gov/sdb/prop84/index_prop84cfm Genevieve Schrader 916-653-2118

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Local Levee Assistance Program	Local Levee Evaluation Projects (LOLE) - Evaluate levee stability and levee seepage and underseepage; Local Levee Critical Repair Projects (LLCR) - Repair and improve critically damaged local levees.	Grant	Local public agencies Levees located outside of the Delta Levees that are not part of the State Plan of Flood Control.	LLAP plans to solicit for new projects in early 2014	LOLE - \$2 million per applicant; LLCR - \$5 million per applicant	Prop 84	\$13 million available. LLAP expect to provide this funding through a 2014 PSP.	LLAP has already encumbered the \$50M needed.	http://www.water.ca.gov/floodSAFE Email: dwright@water.ca.gov David Wright 916-574-1191
Flood Control Subventions Program	Implementation of federally-authorized flood control projects (minor or major) and Watershed Protection Flood Prevention Projects	Funds (Claims Reimb.)	Local public agencies outside of Central Valley	Claim submittals accepted on continuous basis Claims paid based on available State funding	Projects receive reimbursement as directed in Water Code for the specific project.	Prop 84 and 1E	\$350 million	Excludes fund to be awarded in the next six months/committed funds.	http://www.water.ca.gov/floodSAFE Email: nmadankar@water.ca.gov Nahideh Madankar 916-651-9625
Urban Streams Restoration Program	Program provides grants for stream restoration projects that reduce flooding or erosion and associated property damages; restore, enhance, or protect the natural environment; and promote community involvement, education, and stewardship in urban streams.	Grant	Combined sponsorship between Local government agencies and citizens groups/nonprofits	Next grant solicitation anticipated in May/June 2013	\$1 million per eligible project	Prop 84 and Prop 13	\$9 Million in combined Prop 84/13 funds.	\$0 in next 6 months. \$9 million in next 12 months.	http://www.water.ca.gov/urbanstreams/ Sara Denzler 916-651-9625
Local Groundwater Assistance	Assistance for local public agencies to conduct groundwater studies or carry out groundwater monitoring or management activities	Grant	Local public agencies	LGA Grant Guidelines and PSP were released in May 2012. Applications were due July 13, 2012. Final awards expected in March 2013.	\$250,000 per eligible project or study \$4.7 million available.	Prop 84	\$4.7 million available.	\$4.7 million	www.water.ca.gov/lgagrant Tom Lutterman 916-651-9263
Stormwater Flood Management Program	Stormwater management projects that reduce flood damage and provide at least one other type of benefit.	Grant	Local agency or nonprofit representing an IRWM effort Project is not part of the State Plan of Flood Control Project must be part of an existing IRWM Plan and be consistent with applicable Water Quality Basin Plan	Guidelines and PSP for first round were released in November 2012. Solicitation period: November 2012 -- February 1, 2013. Awards expected in Summer 2013.	Grant maximum is \$30 million per project.	Proposition 1E (Article 4, §5096.827)	\$91 million will be available for awards in Round 2.	\$0	www.water.ca.gov/irwm/interregio_stormwaterflood.cfm Zaffar Eusuff 916-651-9266

Water Security, Clean Drinking Water Coastal and Beach Protection Act of 2002	Contaminant treatment or removal technology pilot and demonstration studies	Grant	Eligible applicants are public water systems under the regulatory jurisdiction of CDPH.	Ongoing	Up to \$5 million per grant	Proposition 50 (Chapter 6 Section 79545(b))	\$15 million available	\$3 million	www.water.ca.gov Steve Giambrone 916-653-9722
Water Security, Clean Drinking Water Coastal and Beach Protection Act of 2002	Drinking water disinfecting projects using UV technology and ozone treatment	Grant	Eligible applicants are public water systems under the regulatory jurisdiction of CDPH	Ongoing	Up to \$5 million per grant	Proposition 50 (Chapter 6 Section 79545(c))	\$20 million remaining. (25% of funds will be allocated to disadvantaged communities)	\$4 million	www.water.ca.gov Steve Giambrone 916-653-9722
Delta Water Quality Program, Section 75029a.	Projects to reduce or eliminate discharges of subsurface agricultural drain water from the west side of the San Joaquin Valley for the purpose of improving water quality in the San Joaquin River and the Delta.	Grant	Local agencies: all local California governments - a county, city, whether general law or chartered, town, school district, municipal corporation, district, political subdivision, or any board, commission or agency thereof, or other local public agency.	Summer/Fall 2013	Varies	Proposition 84 Section 75029(a)	\$36.6 million		www.water.ca.gov/drainage Jose Faria 559-230-3339
Central Valley Flood System Conservaton-Framework and Strategy	The program funds planning and implemtation of projects in support of the Central Valley Flood System Conservation Framework and the Conservation Strategy. The projects will incorporate environmental stewardship and sustainability principles into State Plan of Flood Control flood management activities.	Grant	Federal, State and Local public agencies,private mitigation banks, Non-profits (501(c)(3))	Guidelines were released in February 2012. Initial concept proposal solicitation from September 12 -October 2, 2012. Invited proposals were due January 7, 2013. Awards are expected in April 2013.	\$5 million	Prop 1E	\$25 million	Up to \$25 million	www.water.ca.gov/floodsafe/fessro Terri Gaines 916-653-6520
Regional Flood Management Planning	The Regional Flood Management Planning (RFMP) effort will work with local entities to collect existing information and data to formulate and assess flood management solutions and strategies that reflect the vision, feasibility projects, assess the performance of the projects, and develop a plan that reflects the vision of local entities in reducing flood risks in their region. DWR is providing guidance as well as technical and financial assistance to local agencies to prepare regional flood management plans that formulate and prioritize the proposed projects and strategies in each region. The RFMP goals are: * Encourage regional governance * Promote multibenefit solutions to flood problems * Identify solutions and set regional priorities *Assess costs/benefits of proposed solutions and set financial strategies to implement	Direct Funding	A California local public agency with responsibility for flood management in the region that is a part of the area protected by the facilities of the SPFC that is willing to participate in, coordinate, and collaborate with other interested parties in the region that are participating in the development of their RFMP.	October 2012	Up to \$10 million	Prop 1E	\$10 million	Up to \$10 million	http://www.water.ca.gov/cvfm/regionalplan Email: rfmp@water.ca.gov David Wright 916-574-1191

Flood Emergency Response Grants	Allocates \$5 million from SBX2 1 Section 83002 as grants and direct expenditures for emergency communications equipment to improve emergency response preparedness in the Sacramento San Joaquin Delta. This grant money has been awarded to and divided between six counties working together on a common plan to improve their emergency response preparedness.	Grant	California public agencies with responsibility for flood emergency response in the Delta and are willing to participate and work with DWR to actively improve flood emergency communication. Priority given to projects that facilitate Delta-wide communication.	2012	Varies	Prop 84 Section 70533	\$5 million	1.25 million	www.water.ca.gov/floodmgmt William Croyle 916-574-2605
Non-urban Flood Risk Mangement Program (NFRM)	Projects to reduce flood risk in small, rural, and agricultural communities in the Central Valley. Funds support non-routine O&M, O&M plan updates, evaluations, feasibility studies, design, and constructionof proactive repairs to flood control facilities of the SPFC and appurtenant non-project levees.	Grant	Local agencies: evaluate SPFC facilities must protect small and rural communities in the Central Valley designated by the CVFPP to have a High or Moderate-High Flood Threat Level.	NFRM plans to solicit for evaluation projects in late 2013.	\$2 million max for evaluations and feasibility studies. \$5 million max for implementation or design projects.	Prop 1E	\$31 million is currently set aside for NFRM.	NFRM will not be awarding funds within the next 6 months.	http://www.water.ca.gov/floodSAFE Email: dwright@water.ca.gov David Wright 916-574-1191
Urban Flood Risk Reduction (UFRR)	Levee repair projects and levee improvement projects.	Grant	Eligible applications are local public agencies or Joint Powers Authority	PSP expect to be released Sumer/Fall 2013.	\$200 million max per project.	Prop 1E	\$55 million	No awards expected in 2013.	http://www.water.ca.gov/floodSAFE Email: kfucciol@water.ca.gov Kelly Fucciolo 916-574-0918
California Safe Drinking Water Bond Law of 1988	Projects that help meet the Safe Drinking Water Standards	Grant/Loan	Privated Systems: Any person, partnership, ocrporation, association, or other entity or political subdivision of the state which owns or operates a domestic water system. Public Agencies: Any city, county, city and county, district, joint powers authority, or other political subdivision of the state which owns or operates a domestic water system.	Ongoing	Up to \$25,000 for Planning Projects	Prop 81	\$6.3 million	\$1 million	Jeremy Callihan 916-653-4763
Salton Sea Financial Assistance Program Proposition 84, SSRF enacted by the SSRA-Ch.13 FGC [2930. - 2933.]	To implement conservation measures necessary to protect the fish and wildlife species dependent on the Salton Sea, including adaptive management measurements.	Grant	Local agencies, Universities, NGO, state agencies, federal agencies, and federally recognized tribes.	Fall / Winter 2012	\$3 million	Prop 84, SSRF enacted by the SSRA - Ch. 13 FGC [2930. - 2933]	\$3 million	\$3 million	http://www.water.ca.gov/saltonsea Vivien Maisonneuve 916- 651-0154 vivien.maisonneuve@water.ca.gov

Orphan Site Cleanup Fund	Program grants funds to eligible applicants to cleanup Brownfield sites impacted by leaking petroleum USTs where there is no viable financially responsible party	Grant	All entities with exception of Federal/State Agencies	On-going	Max award is \$1.5 million per occurrence	Orphan Site Cleanup Fund	Approximately \$11 million	TBD	http: www.waterboards.ca.gov Email: jreid@waterboards.ca.gov Phone: 916-341-5760
Replacing, Removing, or Upgrading Underground Storage Tanks Program	Program provides grant and loan funds to small business gas station owners to upgrade underground storage tanks to comply with continuing regulatory requirements.	Grants/Loan	Eligible small business gas station owners or operators of project tanks	Applications are accepted on a continuous basis	Grant - \$50,000 Loan - \$750,000	Petroleum Underground Storage Tank Financing Account (PUSTFA)	All grant funds have been awarded for FY 12/13; approximately \$2.8 million loan funds currently available	TBD	www.waterboards.ca.gov Email: Jclemons@waterboards.ca.gov Phone: 916-341-5657
Emergency, Abandoned & Recalcitrant Account	Program provides funding to the State Regional Water Quality Control Boards and local agencies to initiate correction action at sites impacted by leaking petroleum USTS where the site is either abandoned, the responsible party is recalcitrant or there is no need for emergency funding.	Grant	State Regional Water Board and local agencies (CUPAS)	Annual Site Nomination process begins Jan ends in March	Max Award \$1.5 million per occurrence	UST Cleanup Fund	\$5 million annual funding	TBD	www.waterboards.ca.gov Email: jreid@waterboards.ca.gov Phone: 916-341-5760
Clean Beaches	The program grant funds to projects that improve coastal water quality and reduce bacterial contamination on California beaches.	Grant	Public agencies and non-profit organizations	Continuous	\$5 million maximum;\$150,000 minimum	Proposition 50 and 84	\$19 million	\$10 million	http://www.waterboards.ca.gov/water_issues/programs/beaches/cbi_projects/index.shtml Email: pleary@waterboards.ca.gov Phone: 916-341-5167
Stormwater	The Program grants funds for projects that reduce or prevent stormwater contamination of rivers, lakes and streams.	Grant	Local public agencies	Solicitation anticipated Summer 2013	\$3 million maximum; \$250,000 minimum	Proposition 84	\$31 million	\$0	http://www.waterboards.ca.gov/water_issues/programs/grants_loans/prop84/index.shtml Email: llaudon@waterboards.ca.gov Phone: 916-341-5499
Clean Water State Revolving Fund Program	The Federal Water Pollution Control Act (Clean Water Act or CWA), as amended in 1987, established the Clean Water State Revolving Fund (CWSRF) program. The CWSRF program offers low interest financing agreements for water quality projects such as construction of publicly-owned facilities and expanded use projects.	Loan/Grant	Public agencies, tribal governments, designated and approved management agency under Section 208 of the Clean Water Act.	Continuous	Maximum \$50 Million per agency/per year (may be waived)	Clean Water State Revolving Fund	Funding is offered continuously based on cash flow.	TBD	http://www.waterboards.ca.gov/water_issues/programs/grants_loans/srf/index.shtml Email: CleanWaterSRF@waterboards.ca.gov Phone: 916-327-9978
Wildlife Conservation Board									
California Riparian Habitat Conservation Program	This program supports a coalition of state, federal, local and private organizations whose mission is to develop a coordinated approach to the protection of riparian ecosystems. Grants are awarded for the protection, restoration and enhancement of riparian habitat systems.	Grant	Cities, counties, nonprofit organizations, special districts and state entities	Continuous	None	Habitat Conservation Fund	Under HCF receive approximately \$3 million annually for restoration and acquisitions until the year 2020	\$2 million	www.wcb.ca.gov Email: pperrine@dfg.ca.gov Phone: 916-445-1109

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Forest Conservation Program	The goal of this program is to promote the ecological integrity and economic stability of California's diverse native forests for all their public benefits through forest conservation, preservation and restoration of productive managed forest lands, forest reserve areas, redwood forests and other forest types, including the conservation of water resources and natural habitat for native fish and wildlife and plants found on these lands.	Grant	Cities, counties, nonprofit organizations, special districts and state entities	Continuous	None	Proposition 84	\$90 million	\$20 million	www.wcb.ca.gov Email: dmeans@dfg.ca.gov Phone: 916-445-1095
Inland Wetlands Conservation Program	The program was created to assist the Central Valley Joint Venture in its mission to protect, restore and enhance wetlands and associated habitats in the Central Valley. The public/private partnership works to increase the populations of wintering and breeding waterfowl, shorebirds, water birds, and riparian songbirds.	Grant	Cities, counties, nonprofit organizations, special districts and state entities	Continuous	None	Proposition 12, Habitat Conservation Fund, Inland Wetland Conservation Fund	Under HCF receive \$2 million annually for restoration or acquisitions until the year 2020	\$750,000	www.wcb.ca.gov Email: cfien@dfg.ca.gov Phone: 916-445-8448
Ecosystem Restoration on Agricultural Lands	The purpose of this program is to assist landowners in developing wildlife friendly practices on their agricultural properties that can be sustained and co-exist with agricultural operations. A large number of wildlife species are dependent on privately owned agricultural lands for habitat. These lands can provide significant habitat and connectivity with protected wildlife areas.	Grant	Nonprofit organizations	Continuous	None	Proposition 84	\$2.0 million	\$500,000	www.wcb.ca.gov Email: cfien@dfg.ca.gov Phone: 916-445-8448
Oak Woodlands Conservation Program	This program offers landowners, conservation organizations, cities, and counties an opportunity to obtain funding for projects designed to conserve and restore California's oak woodlands. The program is designed to assist local efforts achieve oak woodland protection and provides a mechanism to bring ranchers and conservationists together in a manner that allows both to achieve sustainable ranch and farming operations and healthy oak woodlands.	Grant	Cities, counties, nonprofit organizations, special districts and state entities	Continuous	None	Proposition 40, Proposition 84	\$1.2 million	\$750,000	www.wcb.ca.gov Email: dmeans@dfg.ca.gov Phone: 916-445-1095
Habitat Enhancement and Restoration Program	Consistent with Fish and Game Code Section 1301, this program provides assistance for the restoration and enhancement of fish and wildlife resources. Eligible projects include native fisheries restoration, restoration of wetlands, restoration of coastal, tidal, or fresh water habitat, other native habitat restoration projects including coastal scrub oak, grasslands, and threatened and endangered species habitats, in-stream restoration projects, including removal of fish passage barriers and other obstructions, and other projects that improve the quality of native habitat throughout the state.	Grant	Cities, counties, nonprofit organizations, special districts and state entities	Continuous	None	Propositions 84, 50, 40, 12 and Habitat Conservation Fund	\$20 million under Propositions 84, 50, 40 and 12. Under HCF receive approximately \$1 million annually for wetland restoration outside the Central Valley until the year 2020	\$500,000	www.wcb.ca.gov Email: pperrine@dfg.ca.gov Phone: 916-445-1109

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Land Acquisition Program	Statewide - This program acquires real property or rights in real property on behalf of the Department of Fish and Game (DFG) and also awards grants to other governmental entities or nonprofit organizations to acquire real property or rights in real property. All acquisitions are made on a "willing seller" basis pursuant to the appraised fair market value. The acquisition activities are carried out in conjunction with the DFG, which generally entails DFG evaluating the biological values of the property through development of a Land Acquisition Evaluation (LAE, used for a single piece of property) or a Conceptual Area Protection Plan (CAPP, used for multiple properties). Once these evaluations are completed, they are submitted to DFG's Regional Operations Committee for review and approval. If approved, they are sent to WCB with a recommendation to fund. Concurrently, the WCB meets with DFG to evaluate and set acquisition priorities as new opportunities arise.	Grant	Cities, counties, nonprofit organizations, special districts and state entities	Continuous	None	Propositions 84, 50, 40, 12, and the Habitat Conservation Fund (HCF)	\$50 million under Propositions 84, 50, 40 and 12. Under HCF receive approximately \$14.5 million annually for acquisitions until the year 2020	\$15 million	www.wcb.ca.gov Email: dmeans@dfg.ca.gov Phone: 916-1095
Land Acquisition and Habitat Enhancement and Restoration Program - Salton Sea and Colorado River	Funding for acquisition and habitat restoration projects associated with the Salton Sea and Colorado River region of California	Grant	Cities, counties, nonprofit organizations, special districts and state entities	Continuous	None	Proposition 50	\$16 million	\$10 million	www.wcb.ca.gov Email: dmeans@dfg.ca.gov Phone: 916-1095
Land Acquisition and Habitat Enhancement and Restoration Program - Southern California coastal wetlands and watersheds	Funding for acquisition and habitat restoration projects for protection and restoration of coastal wetland and watersheds within the five southern California coastal counties	Grant	Cities, counties, nonprofit organizations, special districts and state entities	Continuous	None	Proposition 50	\$57 million	\$10 million	www.wcb.ca.gov Email: dmeans@dfg.ca.gov Phone: 916-445-1095
Land Acquisition and Habitat Enhancement and Restoration Program - San Francisco Bay coastal wetlands and watersheds	Funding for acquisition and habitat restoration projects for protection and restoration of coastal wetland and watersheds within the San Francisco Bay area	Grant	Cities, counties, nonprofit organizations, special districts and state entities	Continuous	None	Proposition 50	\$9 million	\$5 million	www.wcb.ca.gov Email: pperrine@dfg.ca.gov Phone: 916-445-1109
Land Acquisition Program - Natural Community Conservation Plans (NCCPs)	Funding for acquisition projects to assist with implementation of Natural Community Conservation Plans	Grant	Cities, counties, nonprofit organizations, special districts and state entities	Continuous	None	Proposition 84	\$28 million	\$10 million	www.wcb.ca.gov Email: dmeans@dfg.ca.gov Phone: 916-445-1095

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Natural Heritage Preservation Tax Credit Program	The purpose of the Tax Credit Program is to protect wildlife habitat, parks and open space, archaeological resources, agricultural land and water by providing state tax credits for donations of qualified land (fee title or conservation easement) and water rights. The program objectives include the fostering of public/private partnerships to resolve land use and water disputes; assisting habitat stewardship; and demonstrating the state's commitment to protect natural resources by rewarding landowners who perceive habitat as an asset rather than a liability.	Tax Credit	Cities, counties, nonprofit organizations, special districts and state entities may apply under the program - landowners eligible for state tax credits may receive the credits.	Continuous	The program requires any reductions to the General Fund resulting from the tax credit be reimbursed by the sponsoing entity; For WCB projects, WCB would use one of its eligible bond funds to reimburse the GF.	Proposition 12,40,50 and 84	Most of WCB's remaining bond funds under Prop 12,40,50 and 84 can be used to reimburse the General Fund tax credits taken under this program	\$1 million	www.wcb.ca.gov Email: dmeans@dfg.ca.gov Phone: 916-445-1095
Public Access Program	This program is designed to provide assistance to local agencies for the development of public access facilities designed to facilitate and encourage the public's access to hunting, fishing or other wildlife oriented recreation. Financial assistance is available to cities, counties and public districts or corporations for development of facilities such as fishing piers or floats, public access roads, boat launching ramps, trails, boardwalks, interpretive facilities and lake or stream improvements. Support facilities such as restrooms and parking areas are also eligible for funding under this program.	Grant	Cities, counties, nonprofit organizations, special districts and state entities	Continuous	None	Wildlife Restoration Fund, Proposition 40	\$9.0 million	\$1 million	www.wcb.ca.gov Email: pperrine@dfg.ca.gov Phone: 916-445-1109
Baldwin Hills Conservancy									
Baldwin Hills Conservancy Prop 84 and Prop 40 Programs	The purpose of the BHC grant program is to provide funds for planning, acquisition and capital improvement projects that benefit the Ballona Creek Watershed and Baldwin Hills Conservancy territory consistent with the Conservancy strategic plan and related work programs prepared pursuant to Public Resources Code section 32568 and pursuant to subdivisions (b) and (c) of Section 1 of Chapter 752, Statutes of 1999.	Grant	cities, counties, JPA's, nonprofit organizations or any public entity or non-profit organization established pursuant to the laws of the State of California and qualified under the Internal Revenue Code section 501(c)(3), 501 (c)(4), or 501(c)(5)	Continuous	None	Proposition 84, 40	\$8 million	\$5 million	www.bhc.ca.gov Email: david.mcneill@bhc.ca.gov Phone: 323-290-5270
Coachella Valley Mountains Conservancy									
Coachella Valley Open Space Acquisition Program	Local assistance grants to acquire mountainous or natural community conservation lands in the Coachella Valley Mountains Conservancy's territory in the Coachella Valley and surrounding mountains.	Grant	cities, counties, resource conservation districts, nonprofit organizations, JPAs	Continuous	None	Proposition 84, 40, 12	Approximately \$13 million	TBD	www.cvmc.ca.gov Email: kmckernan@dc.rr.com or kgodfrey@dc.rr.com Kevin McKernan or Kerrie Godfrey (760) 776-5026

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Coastal Conservancy									
CA Coastal Conservancy Resource and Public Access Program	The Coastal Conservancy awards grants for projects that meet the statutory authorities contained in Division 21 of the Public Resources Code and that meet objectives of the Conservancy's Strategic Plan 2007 regarding public access (coastal trail, diverse accessways, offers to dedicate, revitalization of urban waterfronts and commercial fishing facilities), and regarding coastal resource protection (acquisition of resource and open space lands, protection and restoration of coastal and ocean habitats, wetlands, rivers and watershed, preservation of coastal agriculture, and environmental education).	Grant/Loan	Public agencies, eligible nonprofit organizations, JPA's, special districts	Continuous	None	Propositions 84, 40, and 1E	\$55 million	\$8 million	www.scc.ca.gov Phone: 510-286-1015
CA Coastal Conservancy San Francisco Bay Conservancy Program	This program serves the entire nine-county San Francisco Bay Area. The Coastal Conservancy awards grants to projects which address regional resource protection and recreation goals and which are consistent with the Conservancy's Strategic Plan 2007. These include improving public access, protecting and restoring natural resources and open space, and advancing recreational opportunities through projects such as the Bay Trail and the Ridge Trail.	Grant/Loan	Public agencies, eligible nonprofit organizations, JPA's, special districts	Continuous	None	Propositions 84, 40	\$20 million	\$5 million	www.scc.ca.gov Email: ahutzel@scc.ca.gov Phone: 510-286-4180
Explore the Coast	The Coastal Conservancy will be announcing a competitive grant program for projects that facilitate and enhance the public's opportunity to "Explore the Coast". This grant program will fund activities that enhance the public's ability to get out to and to learn about the natural, cultural, and historic resources of the California coastline.	Grant	Eligible nonprofit organizations, public agencies, JPAs and special districts	Summer 2013	\$50,000	Whale Tail License Plate Funds	\$1 million	0	www.scc.ca.gov Phone: 510-286-1015
Coastal Climate Change Grants	The Coastal Conservancy will be announcing a competitive grant program related to climate change in the spring of 2013. Grants will be awarded to projects which help prepare for climate change impacts and/or reduce climate change causing emmissions. Projects will need to be consistent with the Conservancy's Strategic Plan (http://scc.ca.gov/webmaster/ftp/pdf/SCC_Strat_Plan_Board_Approved_2013.pdf) and recently enacted SB 1066	Grant	Public agencies, eligible nonprofit organizations, universities, JPAs, special districts	Summer 2013	TBD	Proposition 84	Up to \$2 million	Up to \$2 million	www.scc.ca.gov Email: npeterson@scc.ca.gov Phone: 510-286-4176

Program Name	Program Summary	Type	Who is Eligible to Apply	Application Cycle Begins	Max/ Min Award Amounts	Funding Source	How much funding is left to award in total?	How much \$ might be awarded in the next 6 months?	Contact Information
Ocean Protection Council	The Ocean Protection Council (OPC) is charged with implementing the California Ocean Protection Act (COPA) and funds projects and programs that target the actions identified in the OPC Strategic Plan (http://www.opc.ca.gov/strategic-plan/). OPC priorities are focused around five key areas: science-based decision making, climate change, sustainable fisheries and marine ecosystems, land based impacts to ocean resources, and existing and emerging ocean uses.	Grant/Loan	Public agencies, eligible nonprofit organizations, universities JPA's, special districts	Continuous	None	Proposition 84	\$26.5 million	\$2-3 million	www.opc.ca.gov Email: msmall@scc.ca.gov Phone: 510-286-4181
Local Coastal Program Planning Grants -- Sea Level Rise and Climate Change	The Ocean Protection Council, the Coastal Conservancy, and the Coastal Commission will be jointly managing a grant program to fund sea level rise vulnerability assessments, technical studies, and planning. The purpose of the grant program is to help local entities update their Local Coastal Programs to prepare for potential future impacts of sea level rise and climate change.	Grant	To be determined.	Summer 2013	TBD	Proposition 84	\$2.5 million	0	www.opc.ca.gov Email: msmall@scc.ca.gov Phone: 510-286-4181
San Diego Bay and River	The Coastal Conservancy awards grants to nonprofit organizations and governmental entities to implement projects that meet the statutory authorities contained in Division 21 of the Public Resources Code, meet objectives of the Conservancy's Strategic Plan 2007, and are located within the watersheds of the San Diego County. Eligible projects include development of public accessways to and along the coast; acquisition of resource and open space lands, and enhancement and restoration of coastal and ocean habitats, wetlands, rivers and watersheds; revitalization of urban waterfronts; preservation of coastal agriculture; and environmental education.
